	R. Hille - Emulsion-Chicago	J. Oscarson - Oakland
	T. K. Hay - Paint Research	H. Henica - Detroit
	J. P. O'Kelley - Morrow	S. G. Conley - Gibbstown

Regarding my letter of May 15th above subject.

We would like to be brought up to date in regards to what has been done to eliminate lead from Industrial Maintenance items that you control. In other words, if we had to eliminate lead would you be ready, and if you are not ready, how long would it take you to remove all the lead from the products that you control.

We would appreciate you furnishing us with a reply for each product that you control.
