Swann U.S. Patents - Diphenyl & Diphenyl Derivatives

	Filed No.
Acetate, Cellulose - Composition No. 1,941,262	17
Acid, Diphenyl Monosulphonic - Process for Production of. No. 1,865,776	5
Adhesive Composition . No. 1,960,265	19
" " No. 1,972,448	22
Agents - Wetting and Penetrating No. 1,845,509	4
Aminodiphenyl, Diazonium Perchlorates of - Process for preparation of - No. 1,828,960	2
Aroclor (Chlorinated Diphenyl) & Nitrocellulose - Composition containing. No. 1,942,926	16
Brominated Diphenyl-Production of pigments from. No.1,972,447	20
" " - " " Coating Composition.No.1974799	24
Cellulose Acetate Composition. No. 1,941,262	17
Chlorinated Diaryls-Process for production of. No.1,892,397	10
Chlorinated Diaryl Resinn Noncrystaline- Process for production of. No. 1,892,398	11
Chlorinated Diaryl Resin, Clear transparent - Method of producing. No. 1,892,399	12
Chlorinated Diphenyl & Nitrocellulose-Composition No.1,942,926	18
Composition Containing Chlorinated Diphenyl & Nitrocellulose. No. 1,942,926	18
Composition - Sealing. No. 1,822,055	1
Coating Composition, Oleoresinous. No. 1,974,799	24
Coating Composition. No. 1,974,801	25
" " 1,960,286	26
Coated Transparent Sheets of Caseinates No. 2,010,517	27
Chlorinated Diphenyl-Sulphur Mixtures No.2,034,560	30

0265243

Swann U.S.Patents - Diphenyl & Diphenyl Derivatives

	Filed No.
Diaryl containing Wax-like Solid. No. 1,894,266	14
Diaryl Hydrocarbons-Process for Producing. No. 1,907,193	16
Diaryl Resin,Highly Chlorinated Noncrystaline - Production of. No. 1,892,598	11
Diaryl Resins, Clear Transparent Chlorinated - Method of Producing. No. 1,892,599	12
Diaryls, Chlorinated-Process for Production of. No.1,892,597	10
Diazonium Perchlorates of Aminodiphenyl - Process for the Preparation of. No. 1,828,960	2
Dielectric - Transformer Oil. No. 1,856,180	3
Diphenyl, Chlorinated & Nitrocellulose Composition No.1,942,926	18
Diphenyl-Improved Process of Making. No. 1,891,514	8
Diphenyl Monosulphonic Acid-Process for Production of No. 1,865,776	5
Diphenyl - Process for Producing. No. 1,875,517	7
Diphenyl - Process for Producing. No. 1,894,283	15
Diphenyl Resin & Method of Producing Same, No. 1,892,400	15
Dielectric Composition	29
Doctor or Smoothing Blade for Treating Coated Sheets	31
Fireretarding & Waterproofing Composition. No.1,976,072	25

0265244

TOWOLDMON0057386

Swann U.S. Patents - Diphenyl & Diphenyl Derivatives

	Filed No.
Hydrocarbons, Diaryl-Process for Producing.No.1,907,498	16
Heating Medium. No. 1,972,847	21
Halogenation of Diphenyl - No. 2,019,015	26
Method of Producing Mononitrodiphenyls. No. 1,891,543	9
Method of Producing Clear Transparent Chlorinated Diaryl Resins. No. 1,892,399	12
Method of Producing Diphenyl Resin. No. 1,892,400	13
Mononitrodiphenyls-Method of Producing. No. 1,891,543	9
Monosulphonic Acid, Diphenyl-Process for Production of. No. 1,865,776	5
Moistureproofing and Waterproofing Materials. No.1,960,266	26
Nitrocellulose & Chlorinated Diphenyl Composition.No.1,942,926.	18
Oil, Transformer. No. 1,856,120	5
Oleoresinous Coating Composition. No. 1,974,799	24

0265245

Seven U.S. Patents - Diphenyl & Diphenyl Derivatives

	Filed No.
Penetrating & Wetting Agents. No. 1,845,509	4
Perchlorates, Diazonium of Aminodiphenyl- Process for Preparation of. No. 1,828,960	2
Preparation of Diazonium Perchlorates of Aminodiphenyl- Process for. No. 1,828,960	2
Preparation of Tetranitrodiphenyl. No. 1,870,627	6
Process for Producing Diphenyl. No. 1,875,517	7
Process for Producing Diphenyl. No. 1,894,285	15
Process, Improved, for Making Diphenyl. No. 1,891,514	8
Process for Producing Chlorinated Diaryls. No.1,892,397	10
Process for Preparation of Diazonium Perchlorates of Aminodiphenyl. No. 1,828,960	2
Process for Producing Diaryl Hydrocarbons. No. 1,907,498	16
Process for Production of Diphenyl Monosulphonic Acid. No. 1,865,776	5
Producing Mononitrodiphenyls, Method of. No. 1,891,543	9
Producing Clear Transparent Chlorinated Diaryl Resins, Method of. No. 1,892,399	12
Production of Diphehyl, Process for. No. 1,875,517	7
Production of Chlorinated Diaryls, Process for. No. 1,892,397.	10
Production of Noncrystaline Highly Chlorinated Diaryl Resins. No. 1,892,398	11
Production of Diphenyl Resin, Method of. No. 1,892,400	13
Production of Diaryl Hydrocarbons, Process for. No. 1,907,498.	16
Production of Diphenyl Monosulphonic Acid, Process for. No.1,865,776.	5
Powders, Finely Divided, and Method of Making Same. No.1,972,447-20	
Paints - Oleoresinous Coating Composition. No. 1,974,799	24
Paints - Coating Composition. No. 1,974,801	25

0265246

TOWOLDMON0057388

Swann U.S. Patents - Diphenyl & Diphenyl Derivatives

	Filed No.
Resin, Diphenyl & Method of Producing. No. 1,892,400	15
Resin, Diaryl Noncrystaline Highly Chlorinated - Production of. No. 1,892,598	11
Resins, Clear Transparent Chlorinated Diaryl & Method of Producing. No. 1,892,599	12
Sealing Composition. No. 1,822,033	1
Sodium Diphenyl Monosulfonate-Wetting & Penetrating Agents. No. 1,845,509	4
Transformer Oil. No. 1,856,180	3
Tetranitrodiphenyl, Preparation of. No.1,870,627	6
Varnishes - Oleoresinous Coating Composition. No.1,974,799	24
Varnishes - Coating Composition. No. 1,974,801	25
Waterproofing & Fireretarding Composition. No. 1,975,072	25
Wax, Sealing - Composition. No. 1,822,033	1
Wax-like Solid Diaryl. No. 1,894,266	14
Wetting & Penetrating Agents. No. 1,845,509	4
Waterproofing and Moistureproofing Materials. No.1,960,266	26
Waxlike Dielectric Composition	32

Swann

U. S. Patents - By Number-See following pages for subject index

DIPHENYL AND DIPHENYL DERIVATIVES

Patent No.		Filed No.
1,822,033	Sealing Composition	1
1,828,960	Process for the Preparation of Diazonium Perchlorates of Aminodiphenyl	2
1,836,180	Transformer Oil	3
1,845,309	Wetting and Penetrating Agents	4
1,865,776	Process for the Production of Diphenyl Monosulphonic Acid	5
1,870,627	Preparation of Tetranitrodiphenyl	6
1,875,517	Process for Producing Diphenyl	7
1,891,514	Improved Process for Making Diphenyl	8
1,891,543	Method of Producing Mononitrodiphenyls	9
1,892,397	Process for Production of Chlorinated Diaryls	10
1,892,398	Noncrystaline Highly Chlorinated Diaryl Resin	11
1,892,399	Method of Producing Clear Transparent Chlorinated Diaryl Resins	12
1,892,400	Diphenyl Resin & Method of Producing Same	13
1,894,266	Diaryl Containing Wax-Like Solid	14
1,894,285	Process for Producing Diphenyl	15
1,907,498	Process for Producing Diaryl Hydrocarbons	16
1,941,262	Cellulose Acetate Composition	17
1,942,926	Composition Containing Chlorinated Diphenyl and Nitrocellulose	18
1,960,265	Adhesive Composition	19
1,972,447	Finely Divided Powders and Method of Making Same	20
1,972,647	Stable Heating Medium	21
1,972,448	Adhesive Composition	22
1,975,072	Waterproofing and Fireretarding Composition	25

0265248

TOWOLDMON0057390

U.S.Patents - By Number - Contd.

Patent No.		Filed No.
1,974,798	Chloresinous Coating Composition	24
1,974,801	Coating Composition	25
1,960,286	Composition for Moisture and Waterproofing and materials coated therewith	25
2,010,517	Coated Transparent Sheets of Caseinates	27
2,013,015	Halogenation of Diphenyl	28
2,010,495	Dielectric Composition	29
2,034,580	Chlorinated Diphenyl-Sulphur Mixtures	30
2,033,379	Doctor or Smoothing Blade for Treating Coated Sheets	31
2,046,526	Waxlike Dielectric Composition	32
