

1 regular abatement people to come in who were qualified
2 to remove this type of insulation, which was done.

3 Q I take it in the technical center where you
4 worked and other employees worked and the scientists
5 worked, you actually used the Kaylo yourself?

6 A Oh, yes, that has been in place, and there
7 is Kaylo in place that is maintained in our research
8 centers in some of our buildings to this day.

9 Q That contains asbestos?

10 A Yes.

11 Q One other document that the plaintiffs put
12 into evidence, your name is on it, December 20th,
13 1999, which is Plaintiff's Exhibit 427. 1979 talks
14 about X-raying of Kaylo. It is real short.

15 Would you read it to the jury and explain
16 what that memo is about?

17 A The subject in this memo is Kaylo
18 litigation, the Bishop letter, dated December 3rd,
19 1979.

20 I was copied with this letter.

21 It says there are X-ray diffraction patterns
