Thank you guys for coming in and you're kind words. You're gracious. I'll look into the status of the PPDC process and get back with you on nominees. Thanks again for raising this and her willingness to serve on the committee.

Ryan.

Ryan –

Thanks again for your time on Wednesday. It was great to see you, and we really appreciate you taking the time to sit down with us.

One thing I meant to share as an FYI was SC Johnson's desire to again be represented on Pesticide Program Dialogue Committee (PPDC). We value

having a seat at the OPP table where we can share our perspective/expertise, as well as hear the views of other important stakeholders. We have served on this committee several times in the past and would welcome the opportunity to do so again. We've nominated Rachel Callies for this role; attached is a letter I submitted in support of her nomination.

It's good to know someone with your experience is helping to lead EPA. You'll be great and I'm glad to see that you're enjoying it!

Have a great weekend – Deb
