Dr. Robert A. Kehoe
The Kettering Laboratory
College of Medicine - Eden Avenue
Cincinnati 19, Ohio

Dear Dr. Kehoe:

Thank you very much for the additional information on the matter of the use of lead glaze on potteries, and the occurrence of lead poisoning in association with household utensils. We have been interested in the subject of lead poisoning for a good many years, and we are, indeed, happy to have the information you have given us on the subject.

We hope that you will keep us in mind, and will let us see what you may publish on the matter.

Very truly yours

Erma A. Hinek
