Dr. Robert A. Kehoe
College of Medicine
University of Cincinnati
Cincinnati, Ohio

Dear Doctor:

On August 11th we received an answer to our letter of July 8th, stating that you were away from the department at the present but would be back in September. We therefore, held up forwarding you our complete gas mask for your comment and criticism until this time.

We are anxious to have you personally go over it and hope that you can give it your approval for use by the Ethyl Corporation.

As stated in our letter of the 8th, we have for a number of years supplied the petroleum companies with their gas mask equipment and this new development in face pieces we feel will prove interesting to them and to yourself.

We hope that you will give our mask your consideration and that we may hear from you after you have gone over the same.

Yours very truly,

E. D. BULLARD COMPANY

E. W. BULLARD
President
