Q Can you tell us how much money you make for these consulting jobs that we have gone over?

MR. WILLIAMS: Your Honor, objection. I think we have established that all of the experts get paid.

THE COURT: Overruled. If he can answer the question, he may be permitted to do so.

A I don't have that number breakdown. The best I can give you is, as I said, I spend about 30 percent of my time doing consultation work in work related to legal cases, and out of that 30 percent, maybe one-third of that will be related to asbestos. That is the best that I can give you.

Q Now, with respect to your epidemiological studies, Doctor, am I correct that that studies groups of people to calculate probabilities and assess the various risks?

A Yes.

Q Essentially you don't perform any other medical functions as an epidemiologist?

A Well, basically in a full scale
