

Conoco Chemicals
Continental Oil Company
P.O. Box 91, New Highway 25
Aberdeen, Mississippi 39730

May 7, 1976

Mr. Jerry M. Stubberfield
Chief, Division of Air Pollution Control
Mississippi Air and Water Pollution Control Commission
P. O. Box 827
Jackson, MS 39205

The attached information is being submitted by the Conoco Chemicals Company's Aberdeen PVC Plant regarding particulate emission control at our facility. Item 6 of Appendix B of the Commission Order, dated September 23, 1975 states:

On or before the 7th day of May, 1976, the Respondent, Conoco Chemicals Company, shall submit an emission test report demonstrating that the silo area is in compliance with emission regulations.

In accordance with the aforementioned Order, we are submitting the attached report. The report contains data and calculations for emissions from the plant's silo area. As explained in our letter dated March 5, 1976, the data is in the form of process calculations. These calculations show the particulate emissions to be well below emission limitations. These limitations were detailed in written documents issued by the State to the plant.

If you have any questions concerning the information contained herein, please do not hesitate to contact me at AC-601-369-8111, Ext. 239.

Sincerely,

A handwritten signature in cursive script that reads "Douglas E. Michels".

Douglas E. Michels
Chief Process Engineer
Aberdeen PVC Plant
