Aurelia,

The Atlantic Coast Pipeline (ACP) is well-underway with felling trees along the 604-mile pipeline route. As this work is done by hand, we would like the opportunity to discuss the December 22, 2017 Solicitor's Opinion M-37041, the near-term pre-construction schedule for the ACP and potential modifications to tree-clearing windows for migratory birds and Indiana bats. We believe it is necessary to seek your counsel and guidance from Fish and Wildlife Service leadership on amending ACP's migratory bird and timber removal plans.

Joining me in the meeting would be Leslie Hartz, Vice President, ACP Construction and Spencer Trichell, ACP, Environmental Manager. We are available this Thursday, February 22 or next week for a meeting, or any other time at your convenience.

Please let me know if you have any questions or need further information.

Thank you,

Ann
