

NEWS LETTER

ROOM 2020

No. 106 1940 - February 6

APPOINTED GEN. SUPT. OF ST. LOUIS METAL PLANTS

Hayden Tanner, for a number of years superintendent of the Hoyt Metal plant at Granite City, has been appointed general superintendent of the St. Louis branch metal plants. Mr. Tanner entered the Company's employ at the Collier Works in 1908 and was transferred to the Hoyt plant in 1918.

NEW COMMITTEE APPOINTMENTS

F. J. Shirley, superintendent of the Sayreville titanium plant, has been appointed a member of the manufacturing committee.

H. J. Irvin, vice-president of the National Lead & Oil Co. of Penna., has been made a member of the white-lead sales committee.

TO MARKET TINNING COMPOUND

A tinning compound for "pre-tinning" surfaces to be soldered or babbitted has been developed by the Atlantic branch and will be marketed by National Lead Company under the Dutch Boy name and trademark. It is expected that the widest application of the new product will be in auto body repair shops for use in connection with body solder.

80 YEARS WITH COMPANY

Charles Hosinger, dry pigment salesman for the Atlantic branch, will complete 80 years of service with the Company on Feb. 10.

ADDRESSES MICHIGAN MEETING

A. B. Tibbets, sales promotion manager, was one of the speakers at the joint meeting of the Detroit chapter of the American Institute of Architects and the Michigan unit of the Producer's Council held in Detroit on Jan. 25.
