CHEMICALS
ASSOCIATION

THE MADISON BUILDING • 1155 FIFTEENTH ST., N.W.
WASHINGTON, D.C. 20005 • 202 296-1585

December 21, 1970

TO: TOXICOLOGY COMMITTEE
and
MEDICAL ADVISORY COMMITTEE

Gentlemen:

Attached are copies of:

- (1) The December 19 Washington Evening Star
story headed "Pesticides Reduce Resistance
to Disease, Scientists Say."
- (2) The December 18 "Science" magazine report
headed "Polychlorinated Biphenyl: Inter-
action with Duck Hepatitis Virus," with
the references to pesticides underlined.

Very truly yours,

George T. Scriba
Director of Regulatory Services
