Hi Scott

Your responsiveness has always been phenomenal. Our tourism directors really enjoyed your comments and commitment to try and help. The personal words you said about me were just too nice. Thank you! We had a very good team back on those days, didn't we?

I'm asking my folks for the exact information you request and will share as soon as I receive.

I didn't expect you to join the meeting and you left so quick I couldn't thank you! I'm glad you are doing well and the challenge is there!

Let me know how I can help you. David

Hi David,

Can you provide a few specific examples of problems getting Reclamation cooperation on expanding marinas or creating new ones? Enough examples to establish a pattern would be helpful. Examples from multiple states would be helpful.

Reclamation is saying they don't think there is a problem so I need to be able to show it to them.

Thanks,

Scott
