

1 Again, I didn't know what that word meant.

2 That means without pain, doesn't it?

3 A No. Indolent means that it is not moving
4 rapidly and progressively.

5 Indolent has absolutely nothing to do with
6 pain.

7 Q When Dr. Steers told the jury it meant
8 without pain, Dr. Steers was wrong?

9 A I can tell you how I use the term indolent
10 and it has nothing to do with pain. Indolent means
11 not rapidly progressing.

12 Q Let's move on to April.

13 Now, Doctor, when the fluid was building up,
14 that would cause him discomfort, wouldn't it, in the
15 stomach?

16 A It could.

17 Q All right. When they would actually drain
18 it, it would relieve the pressure and he could breathe
19 better, couldn't he?

20 A It could.

21 Q That is why you do those kinds of things,
