Dear Mr. Gaines:

Thank you for your letter of April 23rd from which I am interested to learn that you have had word of our symposium from Dr. Dick. It has now become apparent that certain of the subjects planned for discussion in June could not be adequately handled at that time and the symposium has therefore been postponed to the five days from September 29th to October 3rd.

We are not yet certain if the asbestosis will be included in the program but will be glad to let you know of this and other details when they have been decided upon.

Sincerely yours,

Manfred Bowditch
Field Director
