ANOTHER ONE of our dreams has just been shattered. We have been figuring how to get quick by having our own fabricated hamburgers and cheeseburgers and peddling them to Uncle Sam. But Henry Kaiser says his family lost \$15,000 on his government contracts. Well, Kaiser's family hasn't got 13 million bucks and what's more we can prove it without a senatorial investigation. So I guess I'll have to make my money the hard way by selling regular old pre-war 10c value hamburgers for 20c and cheeseburgers at a price that instantly stamps the eater as a man or woman of distinction.
