Dear Doctor Kehoe:

I am appreciative of your very nice letter of July 20th, accepting Chairmanship of the Publication and Editorial Committee.

I do believe there is a real and definite work for your Committee to perform. A definite outline I could not personally state at this time, however, I think the Executive Committee should formulate some policy along the line you suggest.

I shall forward to our Executive Secretary a copy of your letter, which is self explanatory, to be passed on to the Executive Committee.

With kind personal regards, I am

Cordially yours,

Harvey Bartle
President.
