

October 26, 1977

Meeting with Drs. Suskind, Buncher, Kehoe, Sobel and Tsay.

Lead Study Data

1. Dr. Kehoe is to rewrite the text of the report including a history of the human lead experiments. *waiting for the*
2. The tables and plots will be reviewed by Drs. Buncher and Tsay who will recommend possible corrections or revisions if needed. *waited to the*
3. Make sure that we have copies of all data now in Gross's possession and obtain a copy of the tape from Litton Industries. *O.K.*
4. Find original tables and charts.
5. References are inadequate and should be revised, by Dr. Kehoe with the help of Mrs. Campbell and/or Mrs. Mergard.

Report on above list.

1. Dr. Kehoe is rewriting the text of the report.
- 2.
3. All data is in our possession with the exception of two books of ~~xxxx~~ chamber data. (See attached letter).
4. Original tables and charts are in room 104, Dr. Kehoe's office.
5. Dr. Kehoe informed me that he will revise the references. He further stated that he will do the entire job himself. This is his work, and if he wants any help he will request it.
