MEMORANDUM

October 29, 1940

PLAINTIFF'S EXHIBIT

MET-763

DR. LANZA

Apparently, in Ohio at least, we pay Group Health claims where "medical proof" is furnished by any of the cults licensed by the State. I expect this must also be true elsewhere, though it might be well to check that point with the Law Division, so as to be sure regarding the Company practice.

Of course, the legal acceptance of claims has never been recognized as a necessary guide or precedent for nursing service policy.

D.B.A.

Third Vice-President

Pl. Ex. - Nurses' Care Rider

Policy.
