

Shelf and the ocean areas adjacent to U.S. territorial waters.

1303.1-3 Technical library on oil and hazardous substances pollution, and:
1303.1-5 Plotting and diving provisions to visually depict the geographic position, movement and extent of the pollutant.

1303.3 Primary Agencies shall furnish competent technical personnel to man the NRC as requested, furnish appropriate technical manuals and materials, and such additional administrative support as required to operate the NRC effectively and efficiently.

1304 Communications services available.

1304.1 Telephone (voice) services available include:

1304.1-1 Commercial telephone available from private and public telephone networks (including U.S. National and Foreign Networks)—General purpose switched voice network of Defense Communications Systems, which serves Continental U.S., Alaska, Europe, Pacific and Panama;

1304.1-3 Washington Tactical Switchboard—Pentagon terminal of the tactical telephone system, operated by USARP;

1304.1-4 FTS-OSA operated government administrative telephone system; and,

1304.1-5 SARTTEL—Search and Rescue Command Coordination telephone network including leased Hotline telephone net extending from Halifax to New Orleans.

1304.2 Teletype writer services available include:

1304.2-1 AUTODIN—A defense communications worldwide high speed user data communications system operated for and managed by the DCA to provide both direct and indirect service for both direct and indirect switching service for DOD and other government's entities;

1304.2-2 SARTLANT—Coast Guard-leased teletypewriter system extending from Alaska, Chile, to South America to provide direct connections with the U.S. and other operational, tactical and priority administrative communications;

1304.2-3 SARPAC—Same as (2) for the West Coast U.S.; and

1304.2-4 TLEX—Teletypewriter exchange service provided by Western Union that serves Continental U.S., industry and Government offices. TLEX also permits direct connections with international communication carriers and overseas TLEX communications.

1305.1 Information on current and predicted meteorological, hydrologic and oceanographic conditions for the high seas, coastal and inland waters is available from NOAA. If specific capabilities of other agency environmental description and protection programs are required because of the area or unusual conditions, NOAA will arrange for the provision of such information.

ANNEX IV—1400 PRIMARY Agency OFFICE LOCATIONS AND BOUNDARIES

1400 Geographical boundaries.

Regional contingency plans shall be based upon the Standard Federal Regions. These plans are available for inspection at LPA regional offices or U.S. Coast Guard district offices as shown in 1401 and 1402. Other agencies' addresses and telephone numbers may be found in the United States Government Manual (issued annually) or in the local telephone directories of cities shown on the LPA's followed in this Annex. EPA, HEW, and HUD regional geographical boundaries follow this delineation.

1401 Environmental Protection Agency—Office addresses, telephone numbers, and map.

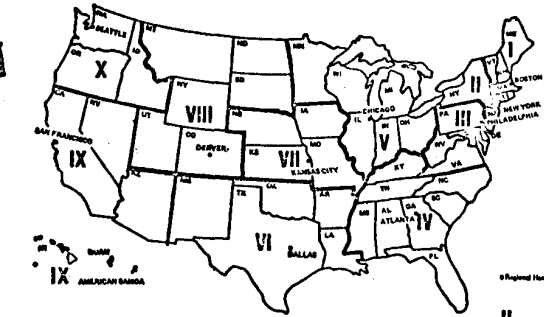

1402 Department of Transportation—United States Coast Guard district offices addresses, telephone numbers and maps.

1403 Department of Commerce—map.
1403 Department of Defense—map.
1404.1 U.S. Army Corps of Engineers.
1404.2 U.S. Army Continental Army Command.

1404.3 U.S. Naval Districts.
1404.4 U.S. Air Force Reserve Regions.
1405 U.S. Department of the Interior.
1405.1 Field Committee Regions.
1405.2 U.S. Geological Survey—Area and District Offices—map.
