Bob:

Glad you got a great view! I'm in San Diego and it was not as spectacular here. Thanks for the quote, but we missed the deadline as they announced today instead of tomorrow. Sorry to put you through the paces for no reason, but I'm glad you and Trey were able to talk before the announcement.

Looking forward to seeing you in Wyoming.

Ken

Sorry for delay.. was on our rooftop watching total eclipse.. pretty amazing !

Here is a quote if you would like to use

" It is important for a Regional Administrator to understand how state environmental agencies work and the respective roles of EPA and the states in the cooperative federalism model we have under our federal environmental programs. Trey Glen's experience as a state agency director will be a great asset for EPA and the states in his new role as Regional Administrator. We look forward to working with him. "

Best regards,

Bob

Bob:

Hope all is well...I understand you and Trey were able to connect. We are planning on making the announcement tomorrow. I was hoping that you might consider contributing a simple quote in support of the announcement... only if appropriate.

No pressure or consequence either way. I just appreciate working with you.

See you in Jackson Hole.

Ken
