Mr. A. E. Mittnacht,
Ethyl Gasoline Corporation,
25 Broadway,
New York City.

Dear Mr. Mittnacht:

Thanks for your letter giving me the copy of Mr. Kaley's letter to you in regard to the handling of a leaking drum.

I am glad to know that this was handled in this way and I hope that Mr. Walter will tell Kaley when he sees him next that he should not regard my reference to this matter in the circular letter as reflecting upon him in any way. I simply used the story which I received from other sources in order to illustrate what I think is an important point.

Thanks also for the letter in regard to one Mr. Wm. B. Merrill, employee of the Standard Oil of Ky. We will look after this matter at once.

Very truly yours,

RAK:EJ
