Dear Doctor Kehoe:

Practically every person whom you examined while here has requested us several times for copies of your report covering the results of the examination. We understand that there will be some delay in receiving these but we are wondering if you can give us any indication as to when they may be expected in order that we may more intelligently reply to the requests we are receiving.

In the absence of a report to the contrary we assume that your findings to date have been favorable.

Very truly yours

I. Dent Jenkins
