Ann,
Thanks for this. We are in contact with John and Gale and are planning a meeting in New Orleans in the next month or so.
Regards,
JD

Subject: [EXTERNAL]Re: Louisiana Wetlands

John, thank you for your time last week and the good discussion. As discussed, please find below, the contact information for our folks working on RESTORE and NRDA. I have copied them here as well. They can put you in touch with additional folks within RESTORE NRDA. I recommend reaching out to them directly to set up a time to discuss the RESTRE and NRDA processes.

bowie.john@epa.gov (RESTORE)

Bonanno.gale@epa.gov (NRDA)

Best,

Ann

Subject: Louisiana Wetlands

Lee, Ann,

It was good meeting all of you this morning. Thanks for taking the time to speak with me about restoration of Louisiana wetlands.

Please let me know if you have other recommendations for people we should meet with to educate about our Louisiana wetlands restoration. In particular who we should speak with at the EPA Gulf Coast program office, the Restore Council staff, and the Louisiana state team that would represent LA interests on both the NRDA TIG and the Restore Council. The LA contacts are particularly important as we deal with many people in the state but not sure who is best positioned to speak on this subject.

We also spoke with NFWF regional director who is going to connect us with their person working on funding habitat projects from Macondo spill payments.

As promised, here is a video Ducks Unlimited and our company produced earlier this year.
