Thank you, you are always so helpful! I'm currently in China but when I get back it would be great to catch up for lunch in October. Let me know the date and location that is best for you.

Hi Louis,
I'd be happy to speak to the group. I'm ccing Alex to help with the logistics.
Best,
Mandy

Mandy,

I am following up on our invitation last week to speak at PCA's Environment & Energy Committee Meeting on Thursday, October 4. Our meeting will take place at the National Association of Manufacturers (733 10th St. NW 7th Floor). Please let us know if you are available that day for 30 minutes and our group would love to hear you speak on the current priorities and progress you are making at the Office of Air & Radiation. Thank you!

Best,
Louis

Subject: PCA Environment & Energy Committee Meeting - October 4

Mandy,

We hope you are doing well and having a great summer. Thank you again for meeting with us and our members in April to discuss the air issue priorities for the cement industry.

PCA's Fall Environment & Energy Committee Meeting is being held here in D.C. at the National Association of Manufacturers (733 10th St. NW) on Thursday, October 4 and we would like to invite you to speak to our members. Our members would be very interested to hear further about the progress you and your colleagues at the Office of Air & Radiation are making on various air issues, such as the NAAQS and the recently proposed Affordable Clean Energy Rule.

Are you available to speak to our members at 10 AM on Thursday, October 4 for 30 minutes? The Environment & Energy Committee Meeting will have around 30-35 people and consist of senior environmental and

government affairs leaders at our member companies. Our schedule is flexible so if there is a better time on Thursday, October 4, we can accommodate your schedule.

Please let us know if you are available to speak. We look forward to hearing from you.

Best,
Louis
