Hi Nancy,

Hope you are doing well and was great to see you a couple weeks ago at the NASA event!

I am writing to introduce you to Dr. Amber Wellman, who is an analytical chemist by training and serves as the CSO for Chemours. She's also a phenomenally brilliant person and dear colleague. Amber oversees all of the work for our regulatory affairs and product stewardship groups.

I know you're swamped, but do you have time to meet with Amber and I and discuss some concerns we have around the TSCA program?

Also – please feel free to use my cell phone below if easier to connect that way. Looking forward to catching up!

Best,

Mary
