

RJS

Memorandum

June 16 1987

To: ORC Occupational Safety and Health Group
ORC Occupational Safety and Health Lawyers Group
ORC Asbestos Task Force

From: Darrell K. Mattheis

Subject: Asbestos and the OSHA Shower Requirement

ORC has received many comments over the last six months concerning the requirements for showers in OSHA's Asbestos Standards. Recently, Mr. Tom Scott of Celanese Corporation received a reply from OSHA to a letter that he had written asking for clarification on when showers were required. Thanks to Mr. Scott's generosity, ORC has a copy of both his letter to OSHA and its reply. A copy of these documents is attached for your interest.

Darrell K. Mattheis
