Subject: RE: Shanghai Health Study - 2007/8 Funding

Stacy:

The requested amount from the investigators is mainly for keeping the laboratory open for another year to continue accruing cases until the end of 2007. The relatively lower amount for 2008 is for data analysis that is based on the laboratory work and, moreover, for data analysis for the other (non laboratory) investigators who begin their major analysis after all of the cases are accrued (ie, beginning the end of 2007). In addition there is a budget item for 2008 for laboratory transition to keep the laboratory functional as it completes the consortium sponsored work and moves toward independence of the consortium.

Let me know if you have questions or need additional information.

Thanks

Stuart

Stuart;

Would you please respond to Stacy as to the rationale for the timing of the new funding.

thanks,
Patsy

Patsy,

I believe that we have approved the \$435k, when is the rest of the bill due for 2007? How did you determine the split between 07 and 08? Since we did not budget for the additional amount, I will need to get Ed to help me with our funding process to see how we will cover it.

Stacy

Stacy and Ed;

The Shanghai Health Study sponsors are close to getting closure on the new funding proposal. Based on our current understanding of the payment schedule, Shell's share for 2007/8 is as follows:

2007 Current Commitment \$ 435,071
 Additional Commitment \$1,039,804

2008 Additional Commitment \$ 616,404
