All --

Thank you for your interest, participation, and your help in coordinating your trade association members' participation in the round table with US EPA Administrator Scott Pruitt to discuss a regulatory path forward for the utility sector. Having an open and robust dialogue with the regulated community is a foundational component of setting meaningful and balanced environmental standards. We look forward to learning more about your perspective as the utility sector not only powers our economic growth, but is also at the forefront of developing a more efficient and cleaner energy future.

The roundtable will start at 1 pm on June 19 at the US EPA headquarters in the Green Room in the Administrator's Suite. We will follow up with an official agenda in the coming days. We have received a number of RSVP's and appreciate that. Please confirm your attendance or the attendance of your trade association members by June

12. Should you have any questions, please email or call at

No worries, I know you are swamped. We're thinking a 1:00 meeting with the Administrator would work best, but we want to check with our leadership CEOs to make sure they can get into town by then and don't need to leave by a certain time. Can you put a temporary hold on the Administrator's calendar for a 1:00 meeting on June 19? I should be able to get back to you in 24 hours with a definitive answer. Thanks.
