The B. F. Goodrich Co.
Akron, Ohio

25 NOV 1947

Attention: Mr. E. W. Chapman

Gentlemen:

In accordance with your letter of 6 November 1947, the A. W. Chesterton's Co. brand "RUBBER LYNX" 210 of compressed asbestos sheet packing is being recommended for addition to the Bureau of Supplies and Accounts Acceptable List of Approved Materials, under your GRADE F-360 covered by Approval Number SW28/15/4045, assigned 17 May 1945. This addition is with the understanding that packing supplied by them conforms to results of Test B-8679-C.

The results of test or the fact that test has been conducted shall not be used for advertising purposes or for disseminating information leading to other than Naval use.

Sincerely yours,

CC:

Gentlemen:

Att: Mr. W. C. Latrobe

Our Grade F-360 Compressed Asbestos Sheet Packing is approved to Navy Department Specification 33-P-13 under Certificate of Approval EN28/15/4045.

We are furnishing this grade of sheet to the A. W. Chesterton Company, Boston, Mass., who market it under their brand name "Russo Style 210". May we ask that this brand be included on the acceptable list under our approval number? It is, of course, understood that any packing supplied the Chesterton Company under their "Russo Style 210" brand will be identical with our approved Grade F-360 material.

We will very much appreciate your early consideration of this request.

Very truly yours,

THE B. F. GOODRICH COMPANY

Gentlemen: REF: JJ33-(1) (336)

We have your letter of November 25 advising the A. W. Chesterton Company brand "RUSSO STYLE 210" is being placed on the acceptable list of approved materials under our Approval No. EN28/L5/4045 for Grade F-360 compressed asbestos sheet packing.

Your cooperation in handling this matter for us is very much appreciated.

Very truly yours,

File No. JJ33-(1)(336)

Gentlemen:

We have two Sheet Packings which come under the following specifications, 33P13d and 33P22b, which are made by B. F. Goodrich Co. and Minnesota Mining and Mfg. Co. respectively. The specification 33P13d is handled under our brand Russo Style 210 and was approved when tested under Goodrich Co. brand under certificate of approval EN-28/L5/4045. Specification 33P22b we brand as Tanpac Style 140 and the Navy Bureau on this when tested under the Minnesota Mining & Mfg. Co. is EN-L5-4247.

What steps do we need to take in order to have our Russo Style 210 and Tanpac Style 140 on the Approved Navy List?

Very truly yours,

A. W. CHESTERTON COMPANY

Dear Sirs:

Replying to your letter of 3 September 1947, addressed to the Bureau of Ships, attached you will find Classification List No. 33B which has listed thereon, different packing materials used by the Navy.

It is requested that the materials manufactured by the A.W. Chesterton Company be checked in order that it may be determined whether or not such materials require tests prior to purchase. After these items have been checked, please return the list to this Bureau.

Very respectfully,

L. A. CAMPBELL

Boston 49, Mass.

30 SEP 1947

Gentlemen:

Your letter of 22 September 1947 to Bureau of Supplies and Accounts with enclosed Classification List No. 33B on Gaskets and Packings has been referred to this Bureau for reply.

The following specifications which require prior approval tests are forwarded for your information:

- 33P13d - Packing, Sheet, Asbestos, Compressed (Symbol 2150)
- 33P16b - Packing, Asbestos, Rod, High-Pressure (Symbol 1100)
- 33P17e - Packing, Metallic, Flexible (Symbol 1430)
- 33P22 b - Packing, Sheet, Plant- or Animal-Fiber.
- 33P25d - Packing, Metallic and Non-Metallic, Plastic
- 33P38 - Packing, Expansion-Joint, and Hydraulic
(Symbols 1110 and 1220)

If your packings conform to the above specifications, consideration will be given to authorizing a test upon receipt of your specific request and agreement to "Conditions Governing Tests in Naval Laboratories", a copy of which is enclosed.

Tests, if authorized, will be made under cost classification "Y" on page 3 of the above pamphlet. The cost of each test will be approximately \$175.00.

Sincerely yours,

V. F. SAITTA
By direction of
Chief of Bureau
