Dr. Carol Stack
Chemical Manufacturers' Association
2501 M Street
Washington, D.C. 20037

Dear Dr. Stack:

Following our recent telephone conversation, Mr. Benton R. Leach (203-573-2153), Corporate Director of Health, Safety and Environmental Affairs for UNIROYAL, Inc. has been chosen to replace me on the VC Panel. He was Plant Manager at our Painesville plant during that standard setting days and is well acquainted with what has happened since.

Best wishes,

Walter D. Harris
