CUSTOMER ORDER NO. 011-167895-2K-0

The property described below, in apparent conformity with the contents and condition of contents of packages (unknown), marked, consigned and delivered as indicated below, which said carrier (the word carrier being understood throughout this contract as meaning any person or corporation in possession of the property under the contract) agrees to carry to its usual place of delivery at said destination, if on its route, otherwise to deliver to another carrier on the route to said destination. It is mutually agreed, as to each carrier of all or any of said property over all or any portion of said route to destination, and as to each party at any time interested in all or any of said property, that every service to be performed hereunder shall be subject to all the terms and conditions of the Uniform Domestic Straight Bill of Lading set forth (1) in the applicable motor carrier classification or tariff if this is a motor carrier shipment, and (2) in the applicable freight classification in effect on the date hereof, if this is a rail or a rail-water shipment, or (3) in the applicable motor carrier classification or tariff if this is a motor carrier shipment. Shipper hereby certifies that he is familiar with all the terms and conditions of the said bill of lading, including those on the back thereof, set forth in the classification or tariff which governs the transportation of this shipment, and the said terms and conditions are hereby agreed to by the shipper and accepted for himself and his assigns. If this document evidences a delivery by shipper's truck or into consignee's truck, it is not a bill of lading but consignee's receipt for the delivery.

Subject to Section 7 of Conditions of applicable bill of lading, if this shipment is to be delivered to the consignee without recourse on the consignee, the consignee shall sign the following statement:

The carrier shall not make delivery of this shipment without payment of freight and all other lawful charges. SHELL CHEMICAL COMPANY
