Dear Dr. McCormick:

We have your letter of July 2 informing us that the designation Geon 427 is now used to identify Geon 400X70 resin which was accepted by this office, under date of December 14, 1955, as an ingredient of synthetic plastic film intended for use in contact with meat and meat food product prepared under our supervision. A notation regarding the change in designation has been made in our files.

Very truly yours,

R. H. Philbeck

July 2, 1959

Mr. R. H. Philbeck, Chief
Chemical Control Staff
Meat Inspection Division
U.S. Department of Agriculture
Washington 25, D.C.

Dear Mr. Philbeck:

Under date of December 14, 1955, Geon 400X70 was accepted by your office for food packaging applications. The identifying number of this item has been changed to Geon 427. I should appreciate your making this change in your file.

Sincerely yours,

W. E. McCormick, Manager
Department of Industrial
Hygiene and Toxicology
