

HP&ACCNA	Heating, Piping and Air Conditioning Contractors National Association, superseded 1956 by Mechanical Contractors Association of America, MCAA.
IAM	Institute of Appliance Manufacturers, Inc., 2000 K St., N.W., Washington, D. C.
IBR	Institute of Boiler and Radiator Manufacturers, 608 Fifth Ave., New York 20, N. Y.
IEEE	Institute of Electrical and Electronics Engineers, Inc., 345 E. 47th St., New York 17, N. Y.
IMFI	Industrial Mineral Fiber Institute, 441 Lexington Ave., New York 17, N. Y.
IMWI	Industrial Mineral Wool Institute, superseded 1953 by IMFI.
IUHA	Industrial Unit Heater Association, superseded 1956 by Air Moving and Conditioning Association, AMCA.
MCAA	Mechanical Contractors Association of America, Suite 570, 45 Rockefeller Plaza, New York 20, N. Y.
NAFM	National Association of Fan Manufacturers, superseded 1956 by Air Moving and Conditioning Association, AMCA.
NBFU	National Board of Fire Underwriters, 85 John St., New York 38, N. Y.
NEMA	National Electrical Manufacturers Association, 155 East 44th St., New York 17, N. Y.
NFPA	National Fire Protection Association, 60 Batterymarch St., Boston, Mass. 02110
NHA	National Housing Agency, Washington, D. C.
NIMA	National Insulation Manufacturers Association, 441 Lexington Ave., New York 17, N. Y.
NOFI	National Oil Fuel Institute, 60 E. 42nd St., New York, 17, N. Y.
NRC	National Research Council, 2101 Constitution Ave., Washington, D. C.
NWAH&ACA	National Warm Air Heating and Air Conditioning Association, 640 Engineers Bldg., Cleveland 14, Ohio.
OBI	Oil Burner Institute, superseded 1942 by OHIA.
OCS	Office of Commodity Standards, National Bureau of Standards, Washington, D. C.
OHI	Oil Heat Institute of America, superseded by NOFI.
PC	Producers Council, 2029 K St., N. W., Washington 6, D. C.
PFMA	Propeller Fan Manufacturers Association. Became Power Fan Manufacturers Association before merger with AMCA.
SAE	Society of Automotive Engineers, 485 Lexington Ave., New York 17, N. Y.
SBI	Steel Boiler Institute, Div. of I=B=R, 608 Fifth Ave., New York 20, N. Y.
SMA	Stoker Manufacturers Association, 307 N. Michigan Ave., Chicago 1, Ill.
TEMA	Tubular Exchanger Manufacturers Association, 53 Park Place, New York, N. Y.
UL	Underwriters' Laboratories, 207 East Ohio St., Chicago 11, Ill.
USDA	United States Department of Agriculture, Washington, D. C.
USPHS	United States Public Health Service, Washington, D. C.

ASHRAE STANDARDS

The following list covers available ASHRAE Standards. All ASHRAE Standards are formulated and approved under the supervision of the Standards Committee. All are under constant review and revision. The number of each Standard indicates the ASHRAE designation and the year in which the Standard was issued or revised. Availability of new or revised Standards is announced by notice in the ASHRAE JOURNAL.

Prices are listed for both members and non-members of the society. Prices are subject to change without notice. All prices F.O.B. shipping point, postage and handling charges included in billing. Orders, except discounted and foreign, shipped postpaid if full remittance accompanies order.

Foreign Orders: Add \$5.00 postage and handling. Full remittance in U. S. funds required with order.

Orders should be sent to: Circulation Sales Department, ASHRAE, 345 East 47th Street, New York, N. Y. 10017

Standard	Price	
	Member	Non-Member
Complete set, as is, bound in a paper cover.....	\$20.00	\$40.00
#12-58 Refrigeration Terms and Definitions*: (ASA B53.1-1958).....	\$ 1.25	\$ 2.50
#13-53 Home Freezers, Methods of Rating and Testing*: Covers self-contained freezers (ASA B38.3-1955).....	\$.75	\$ 1.50
Household Refrigerators, Method of Computing Food Storage Volume And Shelf Area of Automatic* (ASA B38.1-1955).....	\$.40	\$.80
Household Electric Refrigerators (Mechanically Operated) American Standard Test Procedures* (ASA B38.2-1956).....	\$.75	\$ 1.50
#14-59 Condensing Units, Mechanical, Methods of Testing for Rating.....	\$ 1.00	\$ 2.50
#15-63 Safety Code for Mechanical Refrigeration*: Intended to insure safe design, construction, installation, operation, and inspection of systems using a fluid which is vaporized and normally liquefied in its cycle. Does not apply to water or air refrigerants nor to systems installed in transportation facilities. (ASA B9.1). (Available Jan. 1965).....	\$ 1.75	\$ 3.50
#16-61 Room Air Conditioners, Method of Testing for Rating: Prescribes a method of testing for obtaining cooling capacities and air flow quantities for rating room air conditioners.....	\$ 1.25	\$ 2.50
#17-48 Expansion Valves, Refrigerant, Method of Rating and Testing*: Thermostatic and constant pressure expansion valves passing volatile refrigerants. (ASA B60.1-1950).....	\$ 1.00	\$ 2.00

Standard	Price	
	Member	Non-Member
#18-62 Drinking Water Coolers with Self-contained Mechanical Refrigeration Systems, Methods of Testing for Rating.....	\$ 1.00	\$ 2.00
#20-60 Air-cooled and Evaporative Condensers, Remote Mechanical Draft, Methods of Testing for Rating.....	\$.75	\$ 1.50
#22-61 Water-cooled Refrigerant Condensers, Methods of Testing for Rating: Water-cooled industrial units.....	\$.75	\$ 1.50
#23-59 Compressors, Refrigerant, Methods of Testing for Rating.....	\$ 1.00	\$ 2.00
#24-61 Liquid Coolers, Methods of Testing for Rating.....	\$.75	\$ 1.50
#25-56 Air Coolers for Refrigeration, Methods of Rating: Includes testing of forced-circulation or natural convection air coolers for refrigeration, and simplified testing for operating conditions where frost would normally form on coil.....	\$ 1.00	\$ 2.00
#26-63 Mechanical Refrigeration Installation on Shipboard, Recommended Practice for*: Guide for design, construction, installation, operation, tests, and inspection of equipment on merchant vessels. Updated and revised from Standard 26-56. (ASA B59.1-1964).....	\$ 2.00	\$ 4.00
#28-57 Capillary Tubes, Method for Testing: Covers air flow capacity test for tubes used for refrigerant metering.....	\$.50	\$ 1.00
#29-63 Ice Makers, Methods of Rating and Testing: Covers automatic self-contained type only.....	\$ 1.00	\$ 2.00
#30-60 Liquid Chilling Packages, Methods of Testing for Rating: For water-, air-, or evaporatively-cooled packages consisting of one or more: reciprocating compressors, liquid coolers, condensers, and necessary accessories and controls.....	\$.50	\$ 1.00
#32-57 Bottled Beverage Coolers, Methods of Rating and Testing: Self-contained mechanically-refrigerated coolers, vending and non-vending.....	\$.75	\$ 1.50
#33-64 Forced Circulation, Air-cooling Coils (Under non-frosting conditions) and Air-Heating Coils, Methods of Testing for Rating: Includes 4 forms for recording coil physical data, test data and calculations. Form 33TD-1 Coil Physical Data and Air Side Test Data. Form 33TD-2 Volatile Refrigerant Coil Test Data and Calculations. Form 33TD-3 Water Coil Test Data and Calculations. Form 33TD-4 Steam Coil Test Data and Calculations. (Additional forms may be purchased at member and non-member price, \$.50 ea.).....	\$ 4.50	\$ 9.00
#34-57 Refrigerants, Designation of*: Numerically designates refrigerants for refrigeration services. (ASA B79.1-1960).....	\$.80	\$ 1.60
#35-56A Desiccants for Refrigeration Drying, Method of Testing: Desiccants only. (For testing driers, see #36B-56).....	\$.75	\$ 1.50
#35B-56 Driers, High Side Liquid-Line, Methods of Rating and Testing: Applies only to driers for refrigeration systems using Refrigerant 12 or Refrigerant 22.....	\$ 1.00	\$ 2.00
#36-62 Measurement of Sound Power Radiated from Heating, Refrigerating and Air-Conditioning Equipment, Criteria for Testing.....	\$ 1.25	\$ 2.50
#36A-63 Room Air Conditioners and Other Ductless, Through-The-Wall Equipment, Method of Determining Power Levels.....	\$ 1.00	\$ 2.00
#36B-63 Air Control and Terminal Devices and Similar Equipment, Method of Testing for Rating, the Acoustic Performance of.....	\$ 1.25	\$ 2.50
#37-60 Unitary Air-Conditioning Equipment, Methods of Testing for Rating.....	\$ 1.00	\$ 2.00
#38-57 Cooling Towers, Mechanical Draft, Methods of Testing for Rating Under Controlled Conditions: For field tests see current ASME Power Test Code on Atmospheric Water Cooling Equipment.....	\$.75	\$ 1.50
#39-61 Unitary Heat Pump Equipment, Methods of Testing for Rating: Provides standard test methods for determining the cooling and heating capacities of unitary heat and pump equipment.....	\$ 1.25	\$ 2.50
#40-61 Heat Operated Unitary Air-Conditioning Equipment for Cooling, Methods of Testing for Rating: Provides standard test methods for determining the cooling capacity of unitary heat-operated air-conditioning equipment.....	\$ 1.50	\$ 3.00
#47-60 Return Line Low-Vacuum Heating Pumps, Methods of Testing and Rating: Provides a method of rating air and water handling capacity under standard conditions together with power required to drive pump under these conditions. Also provides test procedure by which pump may be qualified or certified as meeting its rating.....	\$.50	\$ 1.00

* Indicates that the Standard has been approved as an American Standard—and the ASA designation assigned to it is shown.
