Personnel and Organization Staff

15 August 1983

Mr. S. Keoleian FPSD

cc R. J. Donnellan
L. M. Roslinski
F. V. Viola III, M.D.
R. L. Wabeke

Per our discussion with members of your staff on Thursday, 11 August 1983, we would like to discuss the most efficient method of disseminating health hazard information to dealerships. At this time we are specifically interested in asbestos exposure from brake and clutch servicing, but we would like to develop a relationship to assure that any information we should uncover from Ford manufacturing operations is passed on to the dealers..

To further discuss these issues, we have established a meeting date of Wednesday, 17 August 1983, 1:30 to 3:00 p.m. at the 9th Floor Conference Room of Parklane Towers West. In addition to your representatives, we have asked Mr. R. J. Donnellan, Product Litigation, OCG; Dr. L. M. Roslinski, Industrial Toxicology, and Dr. F. V. Viola III to attend.
