I wish you to use my testimonial, hoping it may induce some sufferer to try the treatment that cured me. For over twenty years my stomach has bothered me. I was never well, and a great deal of the time was sick in bed. At times I was dizzy, my nose was stopped up, my throat was sore, and mucus dropped into my throat, causing me to hawk and spit, and at times cough severely. I had a soreness in the chest, a disgust after eating, was sick at the stomach and had heartburn. I felt miserable, my color was bad, and I would frequently have to lie down and rest after the least exertion. In this condition I visited Dr. Murphy, who has completely cured me in three months' treatment. I never felt better in my life. In fact, I am absolutely well, and in consequence urgently advise all sick persons to consult Dr. Murphy.

Very respectfully yours,
MRS. A. E. PRYOR.

Dr. Murphy—It is fourteen months now since you cured me, and as there is no return of any of my old symptoms, I feel sure the cure is permanent, for which I shall always feel grateful to Dr. Murphy.

Very respectfully yours,
MRS. A. E. PRYOR.
