Onderwerp: [cciep-chemicals] [Sent on behalf of [REDACTED]@health.fgov.be] RE: [OECD CBC] Ministerial Declaration - GFC/ICCM5 and OECD
Bijlagen: ENV_CBC_2023_20_Draft Declaration GFC_BE_COMMENTS.docx

Dear colleagues,

Please find in attachment the BE comments sent to the OECD secretariat, based on the inputs from DGEM ([REDACTED]). Some elements also from the DE input are supported (include actions in the work programme).

Please come back to me by replying to all to this email **until 29/1**, if needed, but please consider that the next step is a plenary discussion at the CBC, where less room exists for detailed discussions as requested by the secretariat.

Best regards,

From: [REDACTED]@envcoord.health.fgov.be <[REDACTED]@envcoord.health.fgov.be>

Subject: [cciep-chemicals] [Sent on behalf of [REDACTED]@health.fgov.be] RE: [OECD CBC] Ministerial Declaration - GFC/ICCM5 and OECD

Dear colleagues,

In attachment reactions from:

- DGEM/
- Germany

In addition, [REDACTED], through [REDACTED], proposes the following amendment to the BE general position:

*BE supports the development of the Ministerial declaration **with a few amendments aimed at strengthening the operational part and the role of industry stakeholders, in line with targets D1, D4, and D7 of the GFC.** The suggestions from GFC secretariat and from Sweden are welcomed.*

If you plan to give an input, please react by a reply to all via the mailing list [REDACTED]@envcoord.health.fgov.be

Best regards,

From: [REDACTED]@envcoord.health.fgov.be <[REDACTED]@envcoord.health.fgov.be>

Subject: [cciep-chemicals] [Sent on behalf of [REDACTED]@health.fgov.be] [OECD CBC] Ministerial Declaration - GFC/ICCM5 and OECD

Summary: Secretariat proposes a draft Ministerial declaration given support to the GFC from OECD

Status: For approval/For commenting

Deadline: 12/1/2024 12:00

Attachments: 3

Dear colleagues,

Please find in attachment 3 documents:

- Proposed draft Ministerial Declaration
- Comments from Sweden
- Comments from the Secretariat of the Global Framework on Chemicals

For your convenience, I highlighted the most important parts of the proposal in the pdf.

I propose to issue a simple and short BE message: BE supports the development of the Ministerial declaration, and suggestions from GFC secretariat and from Sweden are welcomed.

In parallel, I will consult the COM and other MS on this issue to know if anyone has strong positions on this, as BE presidency we only have to organise an informal dialogue at OECD.

Best regards,

OECD CBC Head of delegation
