Letter from  
F. W. Irwin, Superintendent  
Ashland Refining Co.

Roy:

This man was last examined by Dr. Kitzmiller of Cincinnati, representing Ethyl Gasoline Corporation, in Oct. 1930. [REDACTED] had been treating Ethyl about six months at that time. No further examination was made of any of our men until July 11, 1931, at which time [REDACTED] was away on his vacation and was not examined.

We receive no report from the Ethyl Dr., as to the results of his examination, unless the man examined does not pass. We received no report on [REDACTED]

F. W. I.
