

RICHARD L. DAVIS
Environmental Health Associates, Inc.
2150 Shattuck Ave., Berkeley, CA 94704

Curriculum Vitae

Education

1949 B.A., Industrial Psychology, University of Tulsa,
Tulsa, Oklahoma

Positions Held

1978 Director, Health Management Services
Environmental Health Associates, Inc., Berkeley,
California

1971 - 1977 San Francisco Regional Director, Director of
Business Development, Director of Occupational
Health and Medical Administration; Equitable
Environmental Health, Inc. (successor to Tabershaw/
Cooper Associates, Inc.)

1954 - 1971 Various management positions with Kaiser Industries
Corporation, Kaiser Aluminum & Chemical Corporation,
and affiliate Kaiser companies

1953 - 1954 Admissions Counselor, The University of Tulsa,
Tulsa, Oklahoma

Environmental Health Experience

Design, performance and management of occupational and environmental
research and service projects.

Developed and performed a systematic audit of occupational health
programs for large organizations.

Assisted corporations in the design and implementation of compre-
hensive occupational health programs.

Developed and performed techniques for data collection, reduction
and analysis for occupational epidemiological studies

Organized and managed project for the development of the initial
Criteria Documents under NIOSH contract

Developed project structure for industrial hygiene evaluations of health hazards for industry.

Management Experience

Developed marketing services for factory-manufactured building company.

Developed systematized approach for the coordination of relationships among a number of affiliates of a large multi-national corporation and prepared informational presentations for Board of Directors

Established and maintained current awareness and functional relationship with foreign government on a multi-million dollar development project.

Prepared speech material, correspondence replies and project control of civic activities for Chairman of the Board of a major multi-national conglomerate corporation.

Served in executive position for a major residential and commercial development in Hawaii responsible for marketing strategy and project direction.

Maintained working relationship with national media in New York City and served as corporate spokesman for major American corporation.

Maintained relationship and provided services to state and local government for a major corporation with a half-billion dollar investment in that state.

Established and maintained relationship with a large segment of a community severely affected by air pollution from a plant and was responsible for the amicable settlement of approximately one-half million dollars in claims resulting therefrom.

Established and maintained an admission counselling service for a private university and developed plans for the establishment of a central admissions office at the university.

Publication

THOMAS H. MILBY, M.D., M.P.H., President
Environmental Health Associates, Inc.
2150 Shattuck Ave., Berkeley, CA 94704

Curriculum Vitae

Professional Background

Sept., 1973 - Present	Private Practice, Occupational and Environmental Medicine, Toxicology, Epidemiology
Mar., 1975 - 1977	Senior Medical Scientist/Consultant, Stanford Research Institute
Mar., 1971 - Present	Adjunct Associate Professor of Occupational Medicine, University of California, Berkeley
1966 - March, 1973	Chief, Bureau of Occupational Health and Environmental Epidemiology, California Department of Public Health and Project Director, California Community Study on Pesticides
1962 - 1966	Head, Epidemiology Unit, Bureau of Occupational Health, California Department of Public Health
1959 - 1962	Medical Officer, Clinical Studies Unit, Division of Occupational Health, U.S. Public Health Service, Cincinnati, Ohio

Education

1953	B.S., Purdue University
1957	M.D., University of Cincinnati
1958	Internship, Ohio State University Hospital
1959	M.S., Industrial Hygiene, University of Cincinnati
1966	M.P.H., University of California, Berkeley

Professional Organizations

Fellow, American Academy of Occupational Medicine
Fellow, American Occupational Medical Association
Member, New York Academy of Sciences, 1975 - Present

Board Certification

1966	American Board of Preventive Medicine Certified in Occupational Medicine
------	--

University Appointments

Research Associate, University of California School of Medicine,
San Francisco, California

Adjunct Associate Professor of Occupational Health, University of California,
Berkeley, California

Miscellaneous

1968 - 1973	Department Editor, Clinical Case Reports, Journal of Occupational Medicine
1969 - 1970	Member, Secretary of Health, Education, and Welfare's Commission of Pesticides and Their Relationship to Environmental Health
1969 - 1971	Member, Study Section, Environmental Control Administration Department of Health, Education, and Welfare
1970	Special Consultant, World Health Organization, India
1971	Special Consultant, U.S. Food and Drug Administration, Japan
1973 - Present	Editorial Board, Western Journal of Medicine
1972 - 1974	Chairman, Task Group on Occupational Exposure to Pesticides, Federal Working Group on Pesticide Management
1976 - 1977	Member, Subcommittee on Hydrogen Sulfide, National Research Council, National Academy of Sciences

Publications: See attached list

Curriculum Vitae

Professional Background

1970 - 1971	Instructor, University of New Mexico, School of Medicine, Dept. of Anatomy, Albuquerque, New Mexico
1971 - 1972	Staff Physician, family planning clinic, Washington, D.C.
1973 - 1975	Instructor, Johns Hopkins University, School of Health Services, Baltimore, Maryland
1974 - 1975	Instructor, Johns Hopkins University, School of Medicine, Dept. of Medicine, Baltimore, Maryland
1974 - 1975	Associate Director, Division of Emergency Medicine, Baltimore City Hospitals, Baltimore, Maryland
1975 - 1977	Clinical Assistant Professor, School of Medicine, Department of Medicine, Division of Ambulatory and Community Medicine, University of California, San Francisco
1975 - Present	Lecturer, University of California School of Public Health, University of California, Berkeley, California
1975 - Present	Medical Director, Labor Occupational Health Program, Institute of Industrial Relations, Center for Labor Research and Education, University of California, Berkeley
1978 - Present	Senior Medical Associate, Environmental Health Associates, Inc., Berkeley, California
1979	Adjunct Professorial Series, School of Public Health, University of California, Berkeley

Education

1961 - 1962	U.S. Naval Academy, Annapolis, Maryland
1962 - 1964	New Mexico Highlands University, Las Vegas, New Mexico

Education, continued

- | | |
|-------------|---|
| 1968 | Doctor of Medicine, with honors, Alpha Omega Alpha,
University of New Mexico, School of Medicine,
Albuquerque, New Mexico |
| 1968 - 1969 | Internship, Department of Medicine, Boston City
Hospital, Harvard Medical Service, Boston,
Massachusetts |
| 1969 - 1971 | Resident, Department of Pathology, University of
New Mexico, School of Medicine Affiliated Hos-
pitals, Albuquerque, New Mexico |
| 1972 - 1974 | Resident, Department of Medicine, Baltimore City
Hospital, Baltimore, Maryland |
| 1973 | M.P.H., Environmental Medicine, Johns Hopkins
University, School of Hygiene and Public Health,
Baltimore, Maryland |

Professional Organizations

American Public Health Association, 1973 - Present
APHA Committee on Occupational Health and Safety, 1973 - 1974
Occupational Safety and Health Section, Secretary-elect and Secretary,
1973 - 1975
Occupational Health and Safety Section, Convention Program Chairman, 1975
APHA Chart Book Project Committee, Health and Work in America, Occupational
Safety and Health Section, Chairperson-elect and Chairperson, 1975 - 1977
Society for Occupational and Environmental Health, 1974 - Present
American College of Emergency Physicians, 1974 - 1976
MCHR Occupational Health Project, Coordinator, 1971 - 1972
Alameda-Contra Costa County Medical Association, 1976 - Present
American Academy of Occupational Medicine, 1977

Board Certification

- | | |
|------|---|
| 1969 | National Board of Medical Examiners |
| 1975 | American Board of Preventive Medicine in Occupational
Medicine |
| 1975 | American Board of Internal Medicine |

Awards and Fellowships

- | | |
|-------------|---|
| 1962 - 1964 | Member, Highlands University Honor Society |
| 1968 | Alpha Omega Alpha |
| 1968 | Upjohn Achievement Award |
| 1972 - 1974 | Robert Wood Johnson Foundation Clinical Scholar |

University Appointments

Medical Director, Labor Occupational Health Program, Institute of Industrial Relations, Center for Labor Research and Education, University of California, Berkeley

Lecturer, School of Public Health, University of California, Berkeley

Miscellaneous

- 1971 Developed occupational safety and health material and programs as designated by the Director of Health Research Group, Washington, D.C.
- 1972 Special consultant, Bitter Wages, Joseph Page and Mary Winn O'Brien, New York, Grossman, 1972
- 1973 - 1975 Consultant to the Commissioner, State of Maryland, Division of Labor and Industry
- 1974 - 1975 Consultant, Occupational Health Project, Institute of Industrial Relations, University of California, Berkeley,
- 1976 Consultant, Working for your Life: A Woman's Guide to Job Health Hazards, by Hricko, A., and M. Brunt, Labor Occupational Health Programs, University of California, Berkeley, 1976
- Consultant, "Working Steel," a 20-minute film about foundry work directed by Ken Light and Charles West, Labor Occupational Health Programs, University of California, Berkeley
- "Doctor's Corner," a regular feature in the Monitor, the Labor Occupational Health Program newsletter

INVITED TALKS AT SCIENTIFIC MEETINGS

Whorton, M.D. and D.M. Berman, "Occupational Safety and Health: Emerging Working-Health Activist Coalition," presented at the Annual Meeting of the American Public Health Association, November 15, 1972 (Atlantic City).

Whorton, M.D., Levine, M.S. and Radford, E.P., "A Report of the Division of Labor and Industry," presented at the Annual Meeting of the American Public Health Association, October 24, 1974 (New Orleans).

Whorton, M.D. and F. Goldsmith, "Occupational Health in a Developing Country: Cuba," presented at the Annual Meeting of the American Public Health Association, November 17, 1975 (Chicago).

"How to Attribute Cause in Impaired Individual," presented at the Annual Meeting of the California Medical Association, February, 1976 (San Francisco).

"Worker Initiated Epidemiological Studies," presented at the Annual Meeting of the American Occupational Medical Association, April 1976 (Cincinnati). (Jointly written with David Wegman, M.D., Harvard University).

Submitted a joint proposal on Medical Ethics for Occupational Physicians, for the American Occupational Medical Association Committee on Ethics, April 1976 (Cincinnati).

"Techniques for Worker Education About Occupational Cancer," presented to the National Research Council of the National Science and Engineering Foundation, May 1976 (Washington, D.C.).

Whorton, M.D. and M. Davis, "Ethical Conduct and the Occupational Physician," presented at the Conference on Ethical Issues in Occupational Medicine of the New York Academy of Medicine, June 21-22, 1977 (New York, New York).

Whorton, D. "Periodic Health Evaluations: An Appraisal," presented at a NIOSH Conference on Occupational Respiratory Diseases, June 29 - July 1, 1977 (Morgantown, West Virginia).

Whorton, D. "Male Sterility Among Chemical Workers," presented at the Fifth International Conference of Medichem--Occupational Health in the Chemical Industry, September 6-9, 1977 (San Francisco).

Whorton, D. "Chemical Induced Infertility among Employees in a Pesticide Formulation Facility in California," NIOSH Conference on Dibromochloropropane (DBCP), October 20-21, 1977 (Cincinnati).

Whorton, D. "Multiple Approach Experiences in Worker Education," presented at the Annual Meeting of the American Public Health Association, October 30 - November 3, 1977 (Washington, D.C.).

Curriculum Vitae

Professional Background

June 1976 - July 1977	Senior Environmental Health Scientist, Stanford Research Institute, Menlo Park, California
July 1977 - Present	Lecturer in Environmental Health, University of California, Berkeley
June 1974 - Feb. 1977	Assistant Professor, Department of Epidemiology and Environmental Health, George Washington University School of Medicine, Washington, D.C.
April 1974 - June 1976	Special Assistant for Occupational Health, OSHA
June 1971 - April 1974	Environmental Health Scientist, NIOSH

Education

1964	B.S., Microbiology, University of Oklahoma, Norman, Oklahoma
1969	M.S., Environmental Health, University of Oklahoma, Norman, Oklahoma
1971	Ph.D., Environmental Health, University of Oklahoma, Norman, Oklahoma

Professional Organizations

Society of Occupational and Environmental Health

University Appointments

Assistant Professor, Department of Epidemiology and Environmental Health, George Washington University School of Medicine, Washington, D.C.

Lecturer in Environmental Health, Department of Environmental Health Sciences, School of Public Health, University of California, Berkeley

Miscellaneous

1976 - Present	Editor, Chapter on Occupational/Environmental Cancer, Lawyers' Medical Cyclopedia
1974	U.S. Government Delegate to United Nations International Labor Organization (ILO) Committee on Occupational Cancer, Geneva
1974 - 1976	Assistant Secretary of Labor Appointee to Interagency Collaborative Group on Environmental Cancer
1975 - 1976	Secretary of Labor Appointee to Interagency Coordinating Committee on the National Cancer Program
1975 - 1976	Secretary of Labor Appointee to Interagency Committee on Standards Policy
1975 - 1976	Director, Occupational Cancer Control Program, OSHA
1975	U.S. Government Delegate to United Nations International Labor Organization - World Health Organization Joint Committee on Occupational Health of Migrant Workers, Geneva

Education:

M.D.	University of Virginia	1934
M.P.H.	Harvard School of Public Health	1958

Experience:

Independent consultant--Occupational Health	1978--
---	--------

Senior Medical Scientist, Equitable Environmental Health, Inc., (formerly Tabershaw/Cooper Associates, Inc.) Berkeley, California, Consultants in Occupational Medicine.	1977
---	------

Vice President, Equitable Environmental Health, Inc., Berkeley, California	1972- 1976
---	---------------

School of Public Health, University of California, Berkeley, Professor of Occupational Health in Residence.	1967- 1972
---	---------------

School of Public Health, University of California, Berkeley, Clinical Professor of Occupational Medicine.	1966- 1967
--	---------------

School of Public Health, University of California, Berkeley, Research Physician (Occupational Health) and Lecturer.	1963- 1967
---	---------------

Division of Occupational Health, Washington, D.C., Chief of program planning and analysis five years; Acting Research Grants Administrator; successively Deputy Chief, Acting Chief and Chief of Division, 1962-1963:	1957- 1963
---	---------------

Activities in headquarters of the Division of Occupational Health covered all aspects of Public Health, involvement in occupational health, including budget development, presentations before congressional committees, and administration of program with annual appropriations of from one to five million dollars. Major studies initiated during this period were in health effects of asbestos and health effects of soft coal mining.

Occupational Health Field Headquarters, Division of Occupational Health, PHS, Cincinnati, Ohio, Chief: Supervised research and service activities of the PHS in occupational medicine, with staff number approximately 100 physicians, chemists, physicists, engineers and others. Personal activities emphasized occupational diseases of the lung, including long-term studies of uranium miners, hard rock miners, diatomaceous earth workers.	1952- 1957
--	---------------

U.S. Public Health Service Hospital, San Francisco
California, Assistant Chief of Medicine: Supervised
training of interns and residents in internal
medicine; reorganized tuberculosis service. 1950-
1952

National Institutes of Health, Bethesda, Maryland,
Research in chemotherapy of malaria: Studied
action of antimalarial drugs in avian malaria,
established and supervised clinical testing of
antimalarial drugs in U.S. Penitentiary, Atlanta,
Georgia and U.S. Correctional Institution at Seagoville,
Texas. 1941-
1950

April, entered U.S. Public Health Service as Commissioned
Officer. 1940-

U.S. Army Medical Corps, First Lieutenant: Prepared
pneumococcus vaccine at Army Medical Center, served
as adjutant, Army Medical Center, studied preventive
medicine and attended Medical Field Service School,
Carlisle Barracks, and served as Division Surgeon, 16th
Infantry, 1st Division. 1937-
1940

University of Cincinnati, resident fellow in nutrition:
participated in clinical tests which proved that nico-
tinic acid (niacin) was curative in pellagra. 1937

University Hospitals of Cleveland, intern and assistant
resident in internal medicine. 1934-
1937

Specialty Board Certification:

American Board of Internal Medicine, 1949
American Board of Preventive Medicine (Occupational
Medicine), 1962
American Board of Industrial Hygiene (Comprehensive),
October, 1962

Professional Organizations:

Fellow, American Association for the Advancement of
Science
Fellow, American Public Health Association

Fellow, Royal Society of Tropical Medicine and Hygiene (London)
Fellow, American College of Chest Physicians
(Member of Committee on Occupational Diseases of the Chest)
Member, American Society of Tropical Medicine and Hygiene
Member, Permanent Commission and International Association on Occupational Health
Member, American Occupational Medical Association
Member, Western Occupational Medical Association
Member, American Academy of Industrial Hygiene
Member, American Academy of Occupational Medicine
Member, Alameda-Contra Costa Medical Association
Member, Society for Environmental and Occupational Health

Special Committees and Activities:

Member, Steering Group of Committee on Environmental Health, American College of Chest Physicians
Member, Committee for Criteria Document Review, American Academy of Occupational Medicine
Member, Subcommittee on Asbestosis, Permanent Commission and International Association on Occupational Health
Medical Consultant, State of California Department of Public Health, Bureau of Occupational Health, Berkeley
Member, Committee on Scientific Programs, American College of Preventive Medicine
Medical Consultant, U.S. Atomic Energy Commission, 1964-1973
Member, Panel on Clinical Testing of Antimalarials, Board of Coordination of Malarial Studies, 1944-1946
Member, Threshold Limits Committee of the American Conference of Governmental Industrial Hygienists, 1951-1961, 1964-1966
Member, Committee on Biologic Effects of Atmospheric Pollutants, National Academy of Sciences, 1970-1972, and Chairman, Panel on Asbestos, 1970-1971
Member, Task Force on Chronic Bronchitis and Emphysema (USPHS and National Tuberculosis Association), 1966-1967
Associate Editor, Journal of Occupational Medicine, 1971-1976
Member, Committee on Public Information in the Prevention of Occupational Cancer, National Academy of Sciences, 1975-77
