Mr. Jack Solon
Customer Relations Department
Johns-Manville Corporation
Denver, Colorado

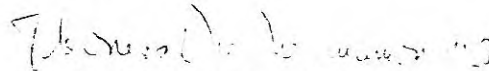

Dear Mr. Solon:

Please accept my personal gratitude to you and Johns-Manville for the tour of your Summerville plant complex. Dr. Richard Liss was most helpful as were many others who shared their time, expertise, and experience with us.

Johns-Manville is to be commended for its advancement of occupational environmental programs. I felt as safe in the textile manufacturing plant as I would in a surgical operating room.

If I can be of any service to you, please do not hesitate to contact me.

Sincerely,

T. V. McManamon, M.D.
