Dear Dr. Kehoe:

It is difficult for me to express my sincere thanks for the careful analysis and excellent comments you made on the paper we recently sent you. We appreciate your kindness in doing us this service very much. If it is all right with you we would like to quote portions of your letter in the article which we will now change slightly and submit for publication. I will assume that we have your permission to do this unless we hear otherwise from you.

Again many thanks from both of us.
