Samantha –

Thank you again for meeting with Milind Bhatte and me last week. We both found it incredibly productive. I wanted to let you know that we are assembling some technical and legal materials for you on the Small Remote Incinerators issue that we discussed. It may take a couple of weeks before we get something to you. Please let me know if that will be a problem.

On another note: I understand that Administrator Pruitt met with the API executives last week and he made a plea for candidates to fill some of the regional director positions within the agency. One of our employees has expressed interest. He is polishing up his resume. Where does he need to send it?
