I know how to interpret medical literature, but what somebody wrote at some point in time who was a salesman, I don't know how to interpret it.

Q Doctor, during the course of your practice, do you read epidemiological studies?

A Yes.

Q And are you familiar with epidemiology?

A Yes, I have done epidemiologic research and published such.

Q Doctor, did you review the Vandergucht case?

A No. I have not reviewed the clinical details.

My understanding is he worked as a plasterer applying asbestos-containing materials and developed peritoneal mesothelioma. That is all I know.

Q And it is your understanding that I admit that it was related to asbestos?

A Yes.

MR. McGOWAN: Your Honor, I don't believe I have any other questions on voir dire, and offer him
