Attachments: ATC Run of Show final.pdf

Hey all – see attached run of show. Flagging the Senators will likely be voting at the time so I think there's a good chance SBG will be the first elected speaker. Will continue to work with you today. The Chairman will be passed through security. If you are joining him you need to register at the [LINK](#) and bring a government issued ID with you as well. If you all could get here at 1:15 so we can ensure you're able to get in the building and access before the event starts. We'll have a space for you all to hide out in while we wait for the event to begin.

Let me know if you need anything else.

Hannah Matesic
Deputy Assistant Secretary for Congressional Affairs
U.S. Department of Transportation
