Dr. G. Giridhar, PhD.
MetPath Laboratories
1 Malcolm Avenue
Teterboro, NJ 07608

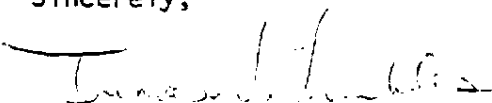

Dear Dr. Giridhar:

This letter is to confirm our telephone conversations concerning your speaking at the Gulf Coast Section-AIHA meeting on September 9. As discussed there will be 100 to 125 people at the meeting, from all areas of the occupational health field. The meeting will be held at the Pick Americana Hotel starting at 6:00 pm. I will send you a meeting announcement this week.

It is my understanding that your talk will concern metal analysis in the blood, focusing on lead and perhaps several other common analysis.

Please contact me at 713/965-1797 if you need more information at this time.

Sincerely,

Thomas G. Grumbles
