Dear [REDACTED],

The Commission did not receive objections to the proposal from the Council or the European Parliament. The adoption procedure has now been launched and, although it is difficult to predict with complete accuracy when it will be finalised, we expect that the proposal will be adopted and published by mid-May.

Kind regards,

[REDACTED]

European Commission

Subject: REACH PFOA update

Dear Sir/Madam,

I am seeking an update on the REACH Annex XVII Restriction for Perfluorooctanoic Acid (PFOA).

It is my understanding that the European Parliament and the Council had until 10 April 2017 to examine the draft measure and raise any objections to the Commission proposal. Did the Commission receive any objections? Could you tell me what are the next steps and when can we expect the final publication in the Official Journal?

Thank you very much in advance.

Kind regards, [REDACTED]
