Attn: Mr. J. M. Barnhart, Executive Secretary

Dear Jack:

Last year, at our Tenth Annual National Meeting at the Waldorf, I was told by one of our directors on our Manufacturers Relations Committee, that NIMA had approved a \$2,500.00 contribution to the IDCNA Manual Publishing Fund.

Needless to say, IDCNA was very happy to learn this.

We are now receiving contributions from our members. This money is being placed in our Savings Account to be held for this purpose only.

As you know, IDCNA has engaged a consulting engineer to write the national Manual. A retainer of \$2,000.00 was paid to him on December 1, 1965. He is progressing very well on his assignment - the first 80 pages are about ready for proof-reading. The second installment of this retainer will be due him on July 1, 1966, and will be paid from the contributions being advanced.

If it would be possible for NIMA to send us its contribution soon, I would appreciate it very much. We will reserve a quantity of books from the first printing for distribution to you. The number will depend on the selling price - to be decided - divided into \$2,500.00.

Please let me express again, our sincere thanks for your help with this national project.

Sincerely yours

/s/ ELLWOOD F. JONES
Executive Secretary
