Gentlemen:

Asbestos has been designated a carcinogen by the Occupational Safety & Health Administration (OSHA). Occasionally, work clothing from this plant which is sent to you for laundering has been worn by personnel engaged in asbestos work and may contain asbestos fibers. Any such clothing will be delivered to your driver in appropriately sealed containers labeled in accordance with the applicable OSHA regulation. 2126 - Open at Neck

The clothing and bags should be handled by your employees in a manner to prevent release of airborne asbestos.
