Hi Emily!

We have not confirmed the Secretary's travel for August yet, so if you could complete the form attached with all the details that you have, that would be great as we work to lock in his travel!

Thank you very much for the invitation.

Izzy

Thank you so much for letting me know, I would like to extend an invitation for Secretary Wright to join us at our Annual Coal Innovation & Market Strategies conference August 19-21, 2025 as a Keynote Speaker. If this is something that would be possible I will send a more formal invitation.

Hi Emily!

I hope you are doing well and having a great week so far. I wanted to make sure to follow up and close the loop regarding your meeting request for the 6-8th of May. Unfortunately, Secretary Wright has previous commitments on the Hill and with travel during those dates and through the rest of May.

I'm sorry we couldn't accommodate this at this time and thanks for being patient with us as we work through a crazy few months of travel.

Have a great week,

Izzy

The Honorable Chris Wright

Secretary, U.S. Department of Energy

1000 Independence Avenue, SW

Washington, DC 20585

Dear Mr. Wright

Congratulations on your confirmation as Secretary of the U.S. Department of Energy from the American Coal Council (ACC). We look forward to collaborating with you to advance policies supporting the coal supply chain and ensuring America's thermal and metallurgical coal resources fuel economic growth. The ACC uniquely represents the entire coal supply chain, a vital industry and way of life for millions of Americans.

While coal drives economic prosperity, challenges like renewable energy mandates, fossil fuel restrictions, and baseload power plant closures threaten grid reliability and our economic future. Addressing global energy competition and modernizing infrastructure with coal resources is crucial. Your bold commitment to energy security is truly appreciated. The ACC has long advocated for an energy plan that works and that is through innovation and using energy sources that work.

We must foster a regulatory environment encouraging investment and innovation in the coal sector, guided by reliability, resilience, and security. With supportive policies, technological advancements, and a commitment to energy dominance, coal will remain vital to America's energy strategy.

The ACC is dedicated to a future where coal fuels economic growth, energy reliability, and innovation. By working with you, industry leaders, and communities, we can achieve these goals and secure a prosperous future for coal and America.

The ACC will be in Washington DC with members May 5-8, 2025 and would like to schedule a meeting with the agency to discuss how to strengthen our energy supply chain. Would you have availability on May 8, 2025, for a meeting with ACC members.

For more information on America's coal industry, please contact me at 202.941.8900 or earthun@americancoalcouncil.org.

Sincerely yours,

Emily Arthun

Chief Executive Officer

American Coal Council

About the American Coal Council

The American Coal Council is unique amount industry trade associations, exclusively representing the collective and mutual interests of the entire coal supply chain. We champion our industry, our product and our people. We advocate awareness, educate and open mines, and connect our stakeholders. We cherish sustainability, cooperation and collaboration.
