Hi Patrick:

I am hoping you will be able to speak at our Annual Meeting in Denver on October 17<sup>th</sup> on oil and natural gas issues as it relates to the EPA and how we can be helpful for EPA moving forward. If you are available to speak, I can certainly provide more detail. I will have about 50 people present, all of which will be from the oil and gas industry. Please let me know if this is something that interests you and we can go from there. Thanks for considering.
