

January 23, 1939

Mr. K. N. Bagchi
Office of Chemical Examiner
to the Government, Bengal
Medical College
Calcutta, India

Dear Mr. Bagchi:-

I was very glad to receive your letter of December 1st but was very much surprised to find that you had written to me in January of 1938. Your letter never reached me, I am sorry to say. I am still quite anxious to know about the factors which explain your findings. I would appreciate it very much indeed if you would write me again. On receipt of your letter, I will be glad to reply in such detail as is required.

I am sending you a few reprints more recent than those I sent you last, which I hope may be of some interest to you.

Sincerely yours,

RAK:is

Robert A. Kehoe, M.D.
